Dear,

I am writing to express my keen interest in the finance role at your company. With over a year of experience in statutory audit at PwC and a strong foundation in finance and accounting as a CA Finalist, I am eager to leverage my expertise in a dynamic corporate environment.

During my tenure at PwC, I have conducted audits of listed and private companies, including special audits, tax audits, and limited reviews, following Big 4 methodologies. This experience has honed my analytical skills, financial reporting expertise, and regulatory compliance knowledge. Working with cross-functional teams, I have developed a meticulous approach to financial analysis and risk assessment, ensuring accuracy and compliance with industry standards.

I am particularly interested in transitioning into the industry to gain broader exposure in finance, including financial planning, controllership, and business analysis. My audit background has provided me with a deep understanding of financial statements and business operations, and I am eager to apply this knowledge in a more strategic role within a corporate setting.

I am confident that my technical expertise, attention to detail, and problem-solving abilities make me a strong candidate for this position. I look forward to the opportunity to contribute to company and discuss how my skills align with your team's goals. I have attached my resume for your review and would appreciate the opportunity for an interview at your convenience.

Thank you for your time and consideration. I look forward to your response.

Sincerely,

---
