How to use this Topic wise (A-Z) Index in exam

1. I If you are not getting the chapter but concept you are able to identify from question then go to relevant Key word initial letter.
   Note - (First preference should be Chapter + Topic wise (A-Z) Index
2. Like If you get question asking about Pay through securities then Go to "P" section and search in that.

Note!! – Get yourself comfortable by using/reading the Ch+Initial wording and Initial wording sequence in the particular chapter or sequence again and again, so that in exam you would know what are the topics/main key word in that chapter.

Before exam day, see the sequence of topics again.
