Detailed Audit Index for IBS (220 Pages Magic Book)

(By CA Shankar Lakhwani)

Topic	Concept	Page
SA 200	Inherent Limitations of Audit (ILA)	1
	Auditor failed to identify fraud. He said that because of inherent limitations of audit, it is not possible to get persuasive evidence of certain matters like fraud. Do you think auditor made a correct statement?	1
	Professional skepticism	1
SA 210	Factors where it is appropriate to revise terms of engagement / remind entity of existing terms/circumstances that warrant revision in terms of engagement/Recurring audit	2
	Audit engagement letter is sent by auditor to client	2
	Contents of audit engagement letter/ What should be included in Audit Engagement Letter/what should be included in terms of audit engagement letter?	2
	Discrepancy in engagement letter (One of the element is missing)	2
	Preconditions for audit/preconditions that auditor should ensure before accepting/refusing proposal	2
	Whether auditor should accept audit engagement if management imposed limitation on scope of audit work/preconditions not present?	3
SQC-1	Objective of SQC 1 & SA 220	4
	Elements of quality control system - HEMALE	4
	Leadership Responsibilities for Quality	4
	Ethical requirements – • Fundamental principles of professional ethics o Integrity o Objectivity o Professional competence & due care o Professional behaviour o Confidentiality • Independence o As per SQC 1, firm should establish policies and procedures to provide reasonable assurance that firm & its personnel maintain independence. Such policies should enable firm to: o As per SA 220, engagement partner shall form conclusion on compliance with independence requirements that apply to audit engagement. Engagement partner shall:	4 5 5 5
	At least annually, firm should obtain written confirmation of compliance with independence from personnel.	5

	Familiarity threat - same senior personnel for long time • Firm should establish criteria to determine need for safeguards to address threat. In determining criteria, firm considers below matters –	5
	Listed entities audit • Engagement partner to be rotated in at least ***7 years*** • Except sole practitioner	5
	Acceptance & continuance of client relations and specific engagements • Firm acquires vital info about client, before accepting engagement to decide about ICC (Integrity, competence, compliance) • Matters considered wrt integrity of client • Matters considered wrt firm's capabilities, competence, time and resources • Where firm obtains info causing to decline engagement if obtainable earlier, policies on continuance includes consideration of • Policies on withdrawal from engagement/ both engagement & client relation address issues	5 6 6 6 6
	Human Resources/ Policies and procedures in respect of engagement partner	7
	Engagement performance • Consultation • Engagement Quality Control Review (EQCR) • EQCR for audit of listed entities includes considering • Eligibility of Engagement Quality Control Reviewer (EQCRr) • Objectivity of EQCRr • EQCRr's participation in decisions of engagement team • Differences of opinion • Engagement documentation o Assembly of engagement files o Engagement documentation is firm's property o Retention of audit documentation	7 7 7 7 8 8 8 8 8 8 8
	Monitoring	9
SA 220	Leadership responsibilities	9
	Engagement partner's responsibility if EQCR is required	9
	Not date Audit report until completion of EQCR	9
	EQCRr's objective evaluation of significant judgments & conclusions involve	9
	For audit of financial statements of listed entities, EQCRr shall consider following-	9
	Documentation by engagement partner	10
	Documentation by EQCRr	10
	SQC 1 v/s SA 220	10

	Peer Review Board	11
	Quality Review Board (QRB)	11
	National Financial Reporting Authority (NFRA)	11
SA 230	Meaning of audit documentation	12
	Purpose of audit documentation	12
	Access of audit documentation to regulators	12
	If Auditor finds it necessary to modify or add documentation after completion of assembly of final audit file, auditor shall document –	12
	Form, content & extent of audit documentation depends on/Factors affecting amount of working papers	12
SA 240	Fraud vs Error	13
	Fraudulent financial reporting (FR)/ Source of fraudulent financial reporting • Meaning • Fraudulent FR is accomplished by • Fraud by mgt overriding controls using techniques like	13
	Misappropriation of assets – Meaning & how it is accomplished	13
	Responsibilities of management and auditor	13
	Fraud risk factors • Risk factors wrt Misstatements arising from fraudulent FR Incentives/Pressure Opportunities Attitudes/Rationalizations • Risk factors wrt Misstatements from misappropriation of assets Incentives/Pressure Opportunities Attitudes/Rationalizations	 14 14 15 15 15 16
	Impossibility to continue audit/auditor unable to continue engagement/Circumstances that bring into question the audit team's ability to continue performing the audit/Not possible to continue performance of audit	16
	Responses to assessed ROMM due to fraud at FS level	17
	Responses to assessed ROMM due to fraud at assertion level	17
	Audit procedures responsive to risk of management override of controls	17
	Written representation from mgt/TCWG.	17
	If auditor concludes that there is no ROMM due to fraud with respect to revenue recognition, then auditor should document reasons for it.	17
	Communication Map	18
	Documentation	18
	Maintaining professional skepticism	18
	Discussion among engagement team	18
	Risk assessment procedures to identify ROMM due to fraud	18

SA 250	Indications of non-compliance with laws and regulations OR Instances identified by auditor which are suggestive of non compliance with laws & regulations OR As an auditor of X Limited, you are suspicious that there might be non-compliance with laws and regulations. Indicate possible areas or aspects where you may have to look out for forming an opinion as to whether your suspicion has some basis to further inquire.	19
	Responsibility of management	19
	Policies and procedures implemented by entity for prevention and detection of non-compliance with Laws & Regulations (L/R)	19
	Responsibility of auditor	20
	For Laws & regulations (L/R) , potential effects of inherent limitations on auditor's ability to detect material misstatements (SA 200) are greater because	20
	2 categories of Laws/Regulations (L/R) – • L/R having direct effect • L/R not having direct effect	20
	Auditor's responsibilities	20
	Audit procedures when non-compliance is identified/ suspected	21
	Reporting of identified/suspected non-compliance • Reporting to TCWG • Reporting in audit report as per SA 705 • Reporting to regulatory & enforcement authorities	21
	Documentation	21
	Non-compliance does not include personal misconduct	21
SA 260	Significance of communication with TCWG	22
	Matters communicated by auditor • Auditor's responsibilities wrt FS audit • Planned scope & timing of audit • Significant findings from audit	22
	Significant difficulties during audit	22
	Significant matters of audit discussed with mgt	23
	Communication of Auditor's independence for listed entities	23
	Communication in writing with TCWG	23
	Documentation	23
	Circumstances in which auditor is required to include additional info in audit report as per SAs & for which communication with TCWG is required	23
SA 265	Auditor has to communicate material weakness in internal control to management/audit committee through letter of weakness/management letter OR Write short note on internal control weakness OR Points auditor should keep in mind while drafting letter of weaknesses in internal control system.	24

SA 299	Difference between SA 299 & SA 600	25
	Responsibility & coordination among joint auditors	25
	All joint auditors are jointly & severally responsible for	25
	Reporting	25
	In developing joint audit plan, what should joint auditors do?	26
	Basic points	26
	Each joint auditor assumes	26
	Joint auditors obtain common engagement letter & common written representation	26
	If joint auditor expects to modify opinion/include EOM or OM Paragraph	26
	Joint auditors discuss & document	26
SA 300	Benefits/usefulness of planning audit of FS	27
	Nature & extent of planning varies according to/Factors affecting nature & extent of planning	27
	Planning is not discrete phase of audit but continual & iterative process	27
	Planning includes need to consider these matters	27
	Elements of planning • Preliminary engagement activities • Planning activities	27
	Contents of audit plan	27
	Changes in audit strategy and plan occurs due to below factors	28
	Factors while establishing audit strategy	28
	Benefits of overall audit strategy	28
	Documentation	28
	Relation between audit strategy (AS) and audit plan (AP)	28
	Audit Programme • Meaning • Matters to be considered while preparing audit programme • Circumstances when audit programme is altered • Drawing up audit programme	 29 29 29 30
	Key phases in audit execution stage	30
	Factors considered in development of audit plan	30
	Overall Audit Strategy & Audit Plan – Responsibility of Auditor	30
SA 315	Assertions	31
	Significant risks/risks requiring special audit considerations/indications to judge that risks are significant or not/factors to be considered while exercising judgement that risks are significant or not/points of indication that may direct auditor to judge that risk identified may be significant.	31
	IT specific risks to internal control	31
	Points to consider to evaluate 'knowledge of business' in conduct of audit/Risk Assessment Procedures to understand entity, environment, internal control and obtain knowledge of business	31
	Major sources to obtain info of client's business	31

SA 320	Basics & computation of Materiality	32
	Examples of benchmark	32
	Factors to identify benchmark	32
	Re-evaluation of materiality/Revision of materiality	32
	Meaning of performance materiality	32
SA 330	Considerations of auditor to assess ROMM & his response to such risks	33
	Auditor's responses to assessed risks – Test of controls & substantive procedures	33
	Auditor performs test of controls when	33
Risk Assessment & Internal Control	**Audit risk components** • Inherent Risk • Control Risk • Detection Risk AUDIT RISK = ROMM x Detection Risk ROMM = Inherent Risk x Control Risk	34
	Steps for Risk Identification	34
	Indicators of possible potential misstatement	34
	Risk-based audit (RBA) approach • Meaning • 3 Key steps • 3 distinct phases – o Risk assessment o Risk response o Reporting	 34 34 35 35 35 35
	Internal control system meaning	35
	Objectives of internal control relating to accounting system	35
	Basic accounting control objectives/Control objectives that auditor would like accounting control system to achieve to suit his purpose/Matters to be ensured by accounting controls	35
	Limitations of internal control	36
	Structure of internal control	36
	Components of internal control/internal control framework • CONTROL ENVIRONMENT • ENTITY'S RISK ASSESSMENT PROCESS o Circumstances in which risks can arise/change • CONTROL ACTIVITIES o Performance Reviews o Information Processing o Physical controls o Segregation of duties • INFORMATION SYSTEM & COMMUNICATION • MONITORING OF CONTROLS	 36 36 36 37 37

	Internal check system • Meaning • Objectives	37
	Effectiveness of efficient system of internal check depends on following considerations/considerations on which effectiveness of efficient system of internal check depends	37
	General conditions pertaining to internal check system	38
	Need for manual elements in internal control	38
	Standard operating procedures/Standard operating procedures in assessment & evaluation of control	38
	Techniques of evaluation of internal control 1. Questionnaire • In use of internal control questionnaire, assumptions of elements of good control are – 2. Check List Distinction between internal control questionnaire and check list 3. Flow Chart	38 39 39 39
	International Internal Control Frameworks A. Internal Control - Integrated Framework issued by Committee of Sponsoring Organisations of Treadway Commission (COSO Framework) • Components of COSO • 3 Categories of objectives of COSO B. Guidance on Assessing Control published by Canadian Institute of Chartered Accountants (CoCo) C. Control Objectives for Information & Related Technology (COBIT) D. Internal Control: Guidance for Directors on Combined Code, published by Institute of Chartered Accountants in England & Wales (Turnbull Report) E. Sarbanes-Oxley Section 404	39 39 40 40 40
SA 402	Meaning of basic terms	41
	A Ltd. gets its accounting data processed by service organisation (SO). CA Shankar is auditor of A Ltd. He wants to obtain understanding of how A Ltd. is using SO's services. What all understanding to obtain? OR What are additional precautions CA Shankar would consider? OR What factors to be considered by user auditor regarding nature and extent of activities undertaken by service organisation so as to determine whether those activities are relevant to audit and, if so, to assess their effect on audit risk?	41
	As an auditor of user entity, mention factors to be considered for financial reporting of service organisation (SO)? OR What services of Service organisation are relevant to audit of user entity's FS? OR	41

	X Limited are market leader in Mobile operation. It has outsourced all its revenue operation, including accounting functions to Y Limited. As an auditor of mobile company, enumerate the factors to be taken into consideration relating to financial reporting.	
	Type 1 Report	42
	Type 2 Report /Report on description, design & operating effectiveness of controls of service Organisation	42
	If user auditor is unable to obtain sufficient understanding from user entity, he will obtain understanding from these procedures	42
	Reporting by user auditor	42
	Using type 1/2 Report	43
	To determine if audit evidence provided by type 1/2 report is sufficient-appropriate (SAAE), user auditor shall be satisfied as to	43
	Complementary user entity controls	43
	Test of controls • When user auditor expects that controls at service organisation are effective, he obtains audit evidence of operating effectiveness of controls by these procedures • If user auditor plans to use type 2 report as audit evidence that controls at service organisation are operating effectively, user auditor shall determine whether service auditor's report provides sufficient appropriate audit evidence of effectiveness of controls to support user auditor's risk assessment by OR Aspects to be considered by user auditor in using assurance report as audit evidence that controls at service organisation are operating effectively	43
SA 450	**Definitions** – • Misstatement • Uncorrected Misstatements • Factual misstatements • Judgmental misstatements • Projected misstatements	44
	Accumulation of identified Misstatements	44
	Auditor shall determine whether overall audit strategy & audit plan need to be revised, if	44
	Communication & Correction of Misstatements	44
	Evaluating effect of uncorrected Misstatements • Auditor shall reassess materiality determined as per SA 320 to confirm whether it remains appropriate in context of entity's actual financial results. • Auditor shall determine whether uncorrected misstatements are material, individually/in aggregate.	45
	Communication with TCWG	45

	Written representation (WR)	45
	Audit documentation	45
SA 500	**Methods to obtain audit evidence in performing compliance and substantive procedures** o Inspection o Inquiry o Analytical procedures o External confirmation o Recalculation o Reperformance o Observation	46
	Factors affecting nature, timing & extent of audit procedures in case of mgt's expert OR Matters that can impact nature, timing, and extent of audit procedures regarding information to be used as audit evidence which has been prepared using work of mgt's expert	46
	Using the work of mgt's expert (eg, actuary) • Role of Auditor • Auditor obtains information of competence, capabilities, objectivity of mgt's expert from following sources • Auditor considers following while evaluating appropriateness of mgt's expert's work	46
	Basics of audit evidence	47
	Types of audit procedures – Risk Assessment Procedures (RAP) & Further Audit Procedures (FAP)	47
	Types of audit evidence	47
	Reliability of audit evidence increases when	47
	Inconsistency/doubts over reliability of audit evidence	47
	Factors affecting auditor's judgements as to sufficiency of audit evidence	47
SA 501	Need for physical verification of inventory/When inventory is material to FS, auditor obtains sufficient appropriate audit evidence for existence and condition of inventory by attending physical inventory count. Why?	48
	Duty of auditor to ensure that 3rd party (who holds inventory) are not such with whom stock shouldn't be held & stock actually belongs to company.	48
	Audit procedures if physical counting is conducted at a date other than FS date.	48
	Auditor couldn't attend physical inventory count due to unforeseen circumstances like earthquake and protest?	49
	Attendance at physical inventory count is impracticable/ impractical	49
	Auditor wants to ensure that methods adopted by management to determine segment info have resulted in disclosure as per applicable financial reporting framework. Guide him with 'Examples of Matters'	49

	that may be relevant when obtaining an understanding of the methods used by management.	
	How auditor shall obtain sufficient appropriate audit evidence about presentation & disclosure of segment information?	50
	Audit procedures to identify litigation/claims resulting in ROMM	50
	Communication with external legal counsel • Letter of inquiry includes • Auditor may meet external legal counsel if • Auditor obtains written representation from mgt/TCWG • Auditor shall modify opinion in audit report if	50
SA 505	Basics & definitions	51
	Situations when external confirmation can be used	51
	External confirmation procedures/controls over external confirmation requests	51
	Factors to be considered while designing confirmation request	51
	Factors assisting auditor in determining whether external confirmation procedures are to be performed as substantive audit procedures	51
	Positive confirmation request	52
	Negative confirmation request	52
	Factors to be considered for negative confirmation request/auditor shall not use negative confirmation request as sole substantive audit procedure, unless all the following are present	52
	Management's refusal to allow auditor to send confirmation request.	52
	Alternative audit procedures.	53
	Results of external confirmation requests • Response indicating agreement • Unreliable response • Non response • Response indicating exception	53
	Choosing debtors, designing request and receiving responses is duty of external auditor	53
	If management refuses auditor to send confirmation request, then below reason is valid – "Legal dispute/ongoing negotiation with confirming party, resolution of which may be affected by untimely confirmation request"	53
SA 510	Meaning of Initial Audit Engagement & opening balances	54
	Auditor's objective	54
	Steps to ensure that closing balance of year 1 is brought forward as opening balance of year 2 & opening balance don't contain misstatements	54
	Procedures to follow when FS are audited for preceding period by another auditor	54
	Procedures to follow when FS are audited first time	54
	If auditor is not satisfied about correctness of opening balance, what approach he should follow in drafting report?	55

	Auditor wants to be satisfied about sufficiency and appropriateness of opening balance to ensure they are free of material misstatements. Lay down audit procedures to be followed in initial audit engagement? OR Auditor shall obtain sufficient appropriate audit evidence about whether opening balance has Misstatements that materially affect current period FS.	55
	In case of Inventory, current period's audit procedures on closing inventory provide little audit evidence of opening inventory. What additional audit procedures to be followed?	55
SA 520	Considerations while performing analytical procedures/Designing and performing substantive analytical procedures/Analytical procedures used as substantive procedures (tests)	56
	In audit of X Ltd, auditor used analytical procedures. Results showed inconsistencies with other relevant information. State course of action that auditor should take to ensure that ROMM would be contained to low level fixed as per materiality level.	56
	Factors to determine that data used for designing analytical procedures is reliable	56
	Analytical procedures for room rentals and payroll	56
	Meaning of analytical procedures	56
SA 530	Basics & definitions	57
	Meaning of Sampling risk	57
	Risk factors/types of erroneous conclusions	57
	Approaches of sampling/types of sampling/statistical versus non-statistical sampling	57
	Principal methods of sample selection • Random sampling – Simple random sampling & stratified sampling • Interval/systematic sampling • Monetary unit sampling • Haphazard sampling • Block sampling	58
	Sample size and factors influencing sample size	58
	Role of auditor if audit sampling has not provided a reasonable basis for conclusions about the population OR Evaluating results of audit sampling	59
	Performing audit procedures	59
	Projecting Misstatements	59
	Meaning and uses of stratification	59
SA 540	Accounting estimates (AE) with low estimation uncertainty & low ROMM	60
	Accounting estimates with high estimation uncertainty, if based on significant assumptions	60
	Degree of estimation uncertainty varies based on	60
	Situations where AE, other than fair value AE required	60
	Situations where fair value AE required	60

	Audit reporting and disclosure	61
	Presentation of FS includes disclosure of material matters like	61
	Auditor to obtain written representation (WR) from management/TCWG	61
	Documentation of accounting estimates	61
	Auditor's responsibility/procedures	61
	Risk Assessment Procedures	61
	Inquiries of mgt about change in circumstances may include inquiries about whether	61
	HOW MANAGEMENT MAKES AE Estimation making process of management	62
	ESTIMATION UNCERTAINTY • For Accounting estimates with significant risks • If mgt has not adequately addressed effects of estimation uncertainty on AE that give rise to significant risks	62
	Identify & address ROMM/Risk assessment & response (I) IDENTIFYING & ASSESSING ROMM (SA 315) (II)RESPONSE TO ASSESSED ROMM (SA 330)	62
	Review & re-estimation of prior period Accounting Estimates	63
	Management bias	63
	Recognition & measurement criteria	63
SA 550	Records and documents of related party relationships & transactions OR Source of related party information. OR Records and documentation of related party transactions in normal course of business. OR How auditor can verify existence of related parties relationships & transactions? OR Being alert for RP transactions	64
	Significant related party transactions outside normal course of business	64
	Dealing with biased related party transaction/audit procedures for transactions outside normal course of business	64
	Meaning of Related Parties	65
	Engagement team's discussion that SA 315 & SA 240 include specific consideration of susceptibility of FS to material misstatement. What are matters to be addressed in engagement team's discussion?	65
	Inquiry of management by auditor	66
	Communication with TCWG	66
	Identification of previously unidentified/undisclosed related party transactions that Mgt didn't identified/ disclosed to auditor	66
	Documentation of related parties	66
SA 560	Meaning of Subsequent events	67
	Types of subsequent events – Adjusting & Non-adjusting events	67
	Auditor's responsibility/audit procedures for events between FS date and audit report date	67

	Matters where specific inquiry can be conducted to evaluate subsequent events/specific inquiries as per SA 560 which might have effect on FS	67
	Meaning of date when FS are issued	68
	Facts become known to auditor after date of audit report but before FS are issued.	68
	Facts that become known to auditor after FS have been issued	68
	Whether due to amendment in audit report, its date need to be changed and what other alternative options were available with respect to such amendment in FS?	68
SA 570	**Events/conditions that may cast significant doubt on entity's ability to continue as going concern. OR** **How to evaluate going concern assumption? OR** **What are some indications to be examined for evaluating going concern?** I. Financial Events II. Operating Events III. Other Events	69
	Basic Points	69
	Period of going concern assessment • Auditor shall cover same period as that used by mgt to make its assessment. • If management covers less than 12 months from FS date, auditor requests mgt to cover at least 12 months from that date.	69
	Delay in approval of FS due to events relating to going concern assessment	70
	Risk Assessment Procedures (RAP)	70
	Audit procedures/Additional audit procedures when events/conditions cast significant doubt on going concern to determine whether material uncertainty exists	70
	Reporting • Use of going concern basis of accounting is inappropriate • Management unwilling to make/extend assessment • Use of going concern basis is appropriate but material uncertainty (MU) exists o Adequate disclosure of MU is made in FS o Adequate disclosure of MU is not made in FS • Events that cast significant doubt on going concern exist, but ***no material uncertainty exists***	71
SA 580	Meaning of Written Representation	72
	Extent of reliance on WR/Reliability of WR/Doubt as to reliability of WR	72
	Audit procedures if mgt refuses to provide WR/WR not provided by mgt	72
	Disclaimer of opinion	72
	Date & period covered by WR	72

	WR do not provide sufficient appropriate audit evidence (though they provide necessary audit evidence)	72
	Mgt may include in WR, qualifying language to the effect that WR are made to the best of its knowledge and belief	73
	If law/regulation requires mgt to make written public statement about its responsibilities	73
	WR is not substitute for other audit evidence	73
	WR about mgt's responsibilities	73
	Why WR about mgt responsibilities are necessary? OR What are the circumstances where auditor would ask mgt to re confirm its acknowledgement & understanding of those responsibilities in WR?	73
SA 600	Basics of SA 600	74
	Factors to consider before accepting work as principal auditor (PA)/While accepting audit assignment as principal auditor, what will be points of consideration for principal auditor?	74
	Principal auditor's procedures	74
	Principal auditor should perform following procedures to obtain sufficient appropriate audit evidence that other auditor's work is adequate	74
	Principal auditor o Discuss with other auditor, audit procedures applied o Review written summary of other auditor's procedures	75
	Principal auditor should document in working papers	75
	Principal auditor need not document	75
	Coordination between principal auditor and other auditors	75
	Reporting	75
	Division of responsibility	76
	Principal auditor is not responsible for other auditor's work except if suspicion about reliability of work	76
	Principal auditor can't audit component's FS again.	76
	Principal auditor has no right to ask other auditor to share working papers.	76
	Other auditor can share summary of audit procedures & findings with principal auditor.	76
SA 610	Basics of SA 610	77
	Evaluating whether work of internal audit function can be used OR Can statutory auditor (external auditor) rely on internal auditor's work?	77
	External Auditor shall not use work of internal audit function, if -	77
	Internal audit function's work that can be used by External auditors	77
	When external auditor use less work of Internal audit function and performs more work directly.	77
	What factors weigh considerations in opting to make use of direct assistance of internal auditors? OR	78

	Nature and extent of external auditor's audit procedures shall be responsive to external auditor's evaluation of	
	Factors relevant in evaluating existence & significance of threats to objectivity of internal auditor	78
	External auditor shall not use internal auditor to provide direct assistance	78
	Significant judgements	78
	Audit documentation by external auditor if external auditor uses internal auditors to provide direct assistance	79
	Activities to be performed by statutory auditor prior to using internal auditor for direct assistance	79
SA 620	Basics of SA 620	80
	Difference between Auditor's expert & Mgt's expert	80
	Expertise in other than accounting, auditing includes expertise in/types of reports, opinion, statements auditor can obtain from expert.	80
	Auditor's expert assists auditor in following	80
	Considerations when deciding whether to use auditor's expert.	80
	If management has used mgt's expert in preparing FS, auditor shall also consider –	81
	In determining nature, timing & extent of auditor's procedures, auditor shall consider these matters –	81
	Factors suggesting need for different/more extensive procedures	81
	Evaluating objectivity of auditor's external expert	81
	Agreement with auditor's expert/Auditor shall agree in writing with auditor's expert on	81
	Auditor shall evaluate adequacy of expert's work/Extent of rely on expert's work/Extent of reliance on expert's work/Evaluative or review procedures	81
	Specific procedures to evaluate adequacy of auditor's expert's work	82
	Factors relevant to auditor's evaluation of assumptions and methods include whether they are	82
	Procedures to test source data	82
	If auditor determines that auditor's expert's work is not adequate for auditor's purposes, he shall	82
	Reporting	82
	Factors suggesting need for detailed and written agreement between auditor and expert	83
	Auditor may obtain understanding of other field	83
SA 700	Basic elements of audit report	84
	Audit Report prescribed by Law/Regulation	84
	Title & addressee of audit report	84
	Auditor's Opinion	84
	Basis for opinion	84
	Auditor's Responsibilities for Audit of FS	85

	Location of description of auditor's responsibilities	85
	Audit report if audit is conducted as per SAs & International SAs	85
	Supplementary information presented with FS	85
	Fair presentation framework & compliance framework	86
	UDIN	86
SA 701	Definition of KAM	87
	Purpose/objective of communicating KAM	87
	No KAM if	87
	Introductory language of KAM Paragraph	87
	Communicating KAM is not substitute	87
	Applicability of SA 701	87
	If there is no KAM, then also KAM Para is given in audit report. But mention in KAM Para that there is no KAM.	87
	Factors to be considered while determining KAM/Considerations of auditor in determining matter requiring significant attention in performing audit.	88
	Examples of KAM	88
	Matters not related to FS can be KAM if it requires significant attention of auditor and it has impact on audit/audit strategy. Eg, Implementation of new IT system/significant changes to existing IT systems	88
	Drafting of KAM Para when there are no KAM	88
SA 705	**Circumstances & types of modification** • Qualified opinion • Adverse opinion • Disclaimer of opinion	89
	Pervasive	89
	Decision regarding which modified opinion is appropriate depends on	89
	Special considerations for modified opinion • Qualified opinion • Adverse opinion • Disclaimer of opinion	90
	"Opinion" section heading changed	90
	"Basis for Opinion" section heading changed	90
	If there is material misstatement related to non-disclosure of information, auditor shall –	90
	If auditor expects to modify opinion, he shall communicate following with TCWG	90
	Inability to obtain sufficient appropriate audit evidence (SAAE) due to management-imposed limitation	91
	Withdrawal of auditor	92
	Listing agreement and SEBI directive on resignation of auditor – If auditor proposes to resign • Within 45 days from end of quarter	92

	• After 45 days from end of quarter • If limited review report is issued for all 3 quarters	92 92
	Auditor shall mention clearly reasons of resignation in resignation letter issued to company	92
	Unlisted company's auditor shall not mention "professional pre-occupation" as reason of resignation.	92
	Disclaimer of opinion • When auditor disclaim opinion on FS, auditor's report shall not include following elements • When auditor disclaims opinion due to inability to obtain sufficient appropriate audit evidence (SAAE), auditor shall amend description of auditor's responsibilities to include only following	92
SA 706	Meaning of Emphasis of Matter (EOM) & Other Matter (OM) Paragraph	93
	EOM Para is provided when/Circumstances when auditor includes EOM para	93
	EOM Para is not substitute of	93
	Manner of presentation of EOM paragraph	94
	OM para is provided in audit report if/Circumstances when auditor includes OM Paragraph	94
	If auditor expects to include EOM/OM para, he shall communicate with TCWG	94
SA 710	Meaning of Corresponding Figures & Comparative FS	95
	Difference b/w corresponding figures & comparative FS	95
	Auditor's procedures/responsibilities wrt comparative information/ Auditor's responsibilities regarding comparatives	95
	Corresponding figures -Audit reporting	95
	Comparative FS – Audit reporting	96
	Reporting common for both – corresponding figures and comparative FS	96
SA 720	Basics of other information	97
	Responding in case of material inconsistency • If auditor concludes that there is material misstatement in Other Information (OI) • If auditor concludes that material misstatement exists in OI obtained prior to audit report date & OI is not corrected after communicating with TCWG, • If auditor concludes that there is material misstatement in OI obtained after audit report date, • Responding when material misstatement in FS exist or auditor's understanding of entity & its environment needs to be updated	97
	Reporting	98
	Reporting prescribed by law/regulation	98
	Obtaining, Reading & Considering Other Info (OI)	98

Section 143 of Companies Act, 2013	In case of unmodified opinion, don't use following phrases	99
	Certificate for special purpose versus audit report	99
	Duties of auditor (Section 143 of Companies Act, 2013) • Duty to Inquire – Section 143(1) • Duty to audit report – Section 143(3) • Duty to report on frauds – Sec 143(12) o Fraud of 1 crore or more o Fraud less than 1 crore o Penalty	 99 99 100 100 101 101
CARO	Applicability	102
	Small company	102

	General principles of agreed upon procedures engagement	119
	Matters to be agreed	119
	Matters included in engagement letter	120
	Procedures	120
	Reporting (Report of Factual Findings) OR Company asks you to carry out process of confirmation of debtors. It involves preparing & sending confirmation requests, analysis of variations & submission of report. What points are to be kept in mind for inclusion in report? OR What precautions are to be taken by auditor so that readers of report do not misunderstand its scope?	120
	Documentation	120
	Audit vs Agreed upon Procedures	120
SRS 4410	Basics & application of SRS 4410	121
	Meaning & Characteristics of compilation engagement	121
	Purpose of compilation engagement	121
	Compliance with ethical requirements	121
	Engagement acceptance & continuance	121
	Practitioner should agree terms of engagement with management, including	121
	Responsibilities of management to be agreed on for compilation engagement	121
	Communication with management/TCWG	122

	Engagement Partner's responsibility for quality (Engagement level Quality Control)	122
	Documentation	122
	Performing engagement/Approach to perform engagement	122
	Records, docs, other info, significant judgements provided by mgt are incomplete/inaccurate/unsatisfactory	122
	If practitioner is unable to complete engagement because mgt failed to provide records, docs, other info, significant judgments	122
	• Compiled financial info doesn't adequately refer to/describe applicable financial reporting framework • Amendments to compiled financial info are required for financial info, not to be materially misstated • Compiled financial info is misleading	122
	Practitioner's report	123
SRE 2400	Basics of SRE 2400 (Practitioner is not auditor)	124
	Factors affecting acceptance & continuance of client relations & review engagement	124
	Practitioner shall not accept review engagement if	124
	Preconditions for accepting review engagement	124
	Obtain agreement of management that it acknowledges & understand its responsibility	124
	If after engagement is accepted, practitioner isn't satisfied as to preconditions	124
	Performing review engagement • Materiality in review of FS • Obtain understanding of entity and applicable FR framework • Design & perform "Inquiry" and "Analytical Procedures" ○ Why inquiry & analytical procedures are important in review?/ Benefits/ importance/need • Perform procedures to address specific circumstances 1. Related Parties 2. Fraud and non-compliance with L/R 3. Going concern 4. Use of work performed by others • Perform additional procedures on becoming aware that FS may be materially misstated	 124 124 125 125 125 125 125 125 125
	Subsequent events	126
	Written representation	126
	If mgt doesn't provide WR	126
	Practitioner disclaims conclusion on FS/withdraw from engagement, if-	126
	Types of conclusions • Unmodified conclusion • Modified conclusion ○ Qualified conclusion	 126

	○ Adverse conclusion ○ Disclaimer of conclusion	
	Description of review of FS and limitations/Limitations para in practitioner's report	127
	Report	127
	Documentation	127
	Difference b/w Audit & Review	127
	Drafting • Unmodified Conclusion • Qualified Conclusion • Adverse Conclusion • Disclaimer of Conclusion	128
	Basis for conclusion paragraph in case of qualified conclusion or an adverse conclusion	128
	Practitioner shall withdraw from engagement if following conditions are present	128
SRE 2410	Meaning of Interim Financial information	129
	Procedures by auditor to update understanding of entity & environment including internal control	129
	Inquiries, analytical & other review procedures	129
	Management representations	129
	Communication	130
	If TCWG doesn't respond within reasonable period of time, auditor consider	130
	Reporting	130
	Departure from applicable FR framework • If material adjustment is needed in interim FI for it to be prepared as per applicable FR framework • If there is no adequate disclosure in interim FI • If effect of departure is material & pervasive	130
	Limitation on scope	130
	Going concern and significant uncertainties. • If material uncertainty (MU) exist that cast significant doubt on going concern & adequate disclosure is made in interim FI • If material uncertainty exist that cast significant doubt on going concern & no adequate disclosure is made in interim FI	131
SAE 3400	Basics of SAE 3400	132
	What is Prospective Financial Information (PFI)?	132
	Difference b/w forecast & projection	132
	This SAE doesn't apply to examination of PFI expressed in general/narrative terms, found in mgt's discussion & analysis in annual report.	132
	Opinion as to whether results in PFI will be achieved can't be expressed	132

	Mgt is responsible for preparation & presentation of PFI, including assumptions.	132
	Can professional accountants be associated with PFI?	132
	Duties of member examining PFI	133
	Precautions to be taken by auditor before accepting engagement	133
	Before accepting engagement to examine PFI, auditor considers-	133
	Auditor shall not accept engagement/withdraw from engagement when	133
	Matters to be considered when determining nature, timing & extent of examination procedures	133
	Presentation and disclosure	133
	Report on examination of PFI	134
	Reporting (Types of opinion – Qualified/adverse/disclaimer) & withdrawal • If presentation & disclosure is not adequate • If assumptions don't provide reasonable basis for PFI • If examination is affected by conditions that preclude procedures (scope limitation)	134
SAE 3402	Objectives of service auditor	135
	Type 1 & 2 report	135
	How such engagement is proceeded with?	135
	Written Representation • Service auditor requests service organisation to provide written representation	135
	Elements of service auditor's assurance report	135
	Statement that service organisation is responsible for –	136
	Modified opinion	136
