How to use this Chapter+Topic (A-Z) Index in exam-

1. **Two ways are there -** Either identify the concept from the question or identify the concept/Ch
   Ex - From question if it seems that it relates to Consolidation – then go to CFS or SA 600.
2. Now, hardly 2-3 pages will be there for any Ch, go to that chapter and try to identify the relevant concept and as main key word is BOLD it might be easy to identify the Topic.
3. After identifying the Topic then see in which module the same is there M-1, 2 or 3 and see the same mentioned on the Top of page and mark the page number mentioned alongside.
4. In Index, if any concept is in Box/flowchart/table then mentioned "Chart" in heading for that.

Note!! – Get yourself comfortable by using/reading the Topics in the particular chapter again and again, so that in exam you would know what are the topics or main key word in that particular chapter.

Before exam day, see the sequence of topics again.
